

IUniCardReader

```
classDiagram
    CPassportReader --|> IUniCardReader
```

The diagram illustrates a class hierarchy. At the top is the 'IUniCardReader' interface, represented by a white box with a black border. Below it is the 'CPassportReader' class, represented by a gray box with a black border. A solid blue arrow points from the 'CPassportReader' box up to the 'IUniCardReader' box, indicating that 'CPassportReader' inherits from or implements 'IUniCardReader'.
